

Plan for Insuring District Owned Tablets and Laptops

MDCPS has examined the need to insure mobile devices at a reasonable cost. Securranty Insurance has been selected to establish an online portal to allow parents to purchase coverage for district devices that are checked out to their child.

Student Check Outs

- Students in Grades 4-12 will be able to check out devices for the 2021-2022 school year.
- Students who checked out devices for summer school may retain the same device for the 2021-2022 school year if they pay the appropriate fee or purchase insurance.
- There is a tiered technology fee for student checkouts based on the free/reduced lunch status (currently applicable to students in Grades 6-12).
 - **Free Lunch \$5.00**
 - **Reduced Lunch \$10.00**
 - **All Others \$20.00**
- Parents must complete and return the **Mobile Device and Hotspot Request** to be eligible to receive a device ([download site](#) for paper version).
- Mobile devices and hotspots will be provided to eligible students on a first come first served basis, while supplies last.
- A digital version of the **2021-2022 Mobile Device Agreement** will be available in the parent portal and mobile app (Parent portal/app or [download site](#) for paper version).
- Securranty will be the mobile device insurer for the 2021-2022 school year. Coverage can be purchased at <https://securranty.com/dadeschools>.
- Policies must be purchased through the link above and for the correct coverage. Students may be responsible for deductibles if the policy is not purchased through the link above and for a portion of the recovery fee if adequate coverage is not purchased.
- Policies must be purchased within 30 days of check out.

Mobile Device/Hotspot Quarantine Plan and Student Request

The Mobile Device/Hotspot Quarantine Distribution Plan has been developed to provide guidance on requesting additional equipment in the event of a quarantine.

- Students may check out a mobile device and/or hotspot for the quarantine period.
- Mobile device technology fees are waived if the student is only checking out a device for the quarantine period but may be assessed if the student fails to return the equipment within five (5) days after quarantine.
- The parent initial submission is not binding. Parents may opt to change their preferences at any time during the school year.
